

Turbo Clean™

...Your Toner Cartridges

if you want to:

- ▶ Reduce your production cost
- ▶ Increase the cartridge cleanliness
- ▶ Reduce toner dust in your operation

You need one of the patented TurboClean™ machines!

(US Patent Nr. 7,143,465B2)

The TurboClean™ series of universal toner cartridge cleaning system is the proven way to automate your production process and achieve a higher degree of cleanliness at the same time - numerous customers in 21 countries already attest to that.

We are proud to introduce our line of TurboClean™ systems
